

HST-XHRS150T Plastics Rockwell Hardness Tester

Picture is for reference only

Application:

Plastic Rockwell Hardness Tester is a specialized test non-metallic, plastic, hard rubber, synthetic resin, friction material and soft metal hardness tester.

Specifications:

Model:HST-XHRS150T

Function: Electric

Indication Of Hardness Value: Touch Screen

Data output: Built-in printer, RS232

Total Test Force: 588.4N, 980.7N, 1471N (60, 100, 150kgf)

Weight: 80kgMax.

Test Height: 210mm

Power supply: AC 220V, 50Hz
