

HST SX-2.5-10 Muffle furnace

Picture just for reference

Application:

This series of high-temperature oven (resistance furnace) for laboratory, industrial and mining enterprises, scientific research units for element analysis and measured , small size steel hardening, annealing, tempering of heat treatment for heating, furnaces can also be used as a metal, ceramic sintering, dissolution and analysis of high heating use.

Specifications:

Model	SX-2.5-10
Furnace dimension	200*120*80mm
Rated temperature	1000

Temperature rising time of empty furnace	≤60 (min)
Accuracy of constant temperature	±1℃
Power supply	220V,1phases, 50Hz
Rated power	2.5w
Dimensions	595×410×467mm
Weight	67 kg
